Can anyone help me to locate a Royal Enfield type, cush drive, 8" rear wheel brakeplate? I would be willing to purchase a complete wheel if necessary. Any help would be appreciated.

Thanks Jan I am not sure, I don't think so as the one I need for my 1934 Scott would be for a rigid frame. I have a picture of the type I need would E-mailing it to you help to identify? My E-mail address is jeff.meehan@ntlworld.com

Hi Jeff
Sorry but I can't help you with your rear brake plate.
All the best.
Bob...
