Hi *,

I'm looking for the gearbox bearings for my flyer.

can you confirm the following sizes:

small: $1 \frac{9}{16} \times \frac{5}{8} \times \frac{7}{16}$
big: $2 \frac{1}{2} \times 1 \frac{1}{8} \times \frac{9}{16}$

and do you have a source where i can order it?
I found a source for the small one but still looking for the big one.

Thanks
Robert

Hi,

here the sizes
 $\frac{5}{8} \times 1 \frac{9}{16} \times \frac{7}{16} = \text{LJ } \frac{5}{8}$
 $1 \frac{1}{8} \times 2 \frac{1}{2} \times \frac{5}{8} = \text{LJ } 1 \frac{1}{8}$

it can be ordered via www.nke.at

Rgds
Robert
